

## GOD'S FAITHFULNESS KNOWS NO BOUNDS!!!

Earlier last year, I was chronically unemployed, but I finally managed to secure a job that I believed would mark the end of my long months of unemployment. Unfortunately, shortly before the end of the year, I was unexpectedly fired due to global market conditions. Since the company was international, I had never experienced being fired before. Emotionally, I crumbled under the weight of the situation for three whole months, fearing that I would have to start over from scratch once again.

After seven months of diligently searching for a job and earnestly praying to God, with the hope that this year would be a year of much fruit in line with our chosen theme, I witnessed a remarkable turn of events. On the 30th of May, last month, I had a meeting with an employer who also happened to be a friend I had been connected with for two years. The meeting unfolded favourably, and as we approached its conclusion, the employer posed a crucial question: "When would you like to start?" Without hesitation, I confidently expressed my readiness to begin the following week.

To my utmost delight, just before the end of that week, I received my contract and onboarding details. I had successfully secured a new job that not only resonated deeply with my career passion but also offered additional benefits. This news fills me with an overwhelming sense of joy and gratitude, compelling me to share it with everyone around me.

It is important to remember that in life, we all encounter moments of stumbling and adversity. However, we must never lose sight of God's faithfulness and the fact that He never fails us. I implore you, my dear friends, to never give up on God, for His faithfulness knows no bounds.

9TH JULY, 2023

## The Power of Community

Acts 5:42 NLT

### Pastor Sam Adeyemi

If you want the best Christian experience, pay close attention to the explosive beginning of the church in the New Testament. Pay attention to Christ, His teachings, His life, death and resurrection, and also pay attention to the behaviours of the first set of Christians. These will help you understand and be close to the original template of Christianity.

Under the old covenant, only a few people were anointed, and only a small group of people could prophesy, but as the Holy Spirit came under the New Covenant, it came on everybody, power was decentralized, everybody was anointed and had the power.

Because they were all anointed, ministry happened everywhere, up until then, before you worshipped God, you had to go to one place. (Acts 5:42 NLT).

Many Christians today have not made this shift in their thought process yet, they still believe that it is those people that stand on the stage that are ministers of the Gospel.

### What is the work of Church leadership really?

(Ephesians 4:11-12 KJV, Ephesians 4:11-12 NLT).

Their job is to equip you to do the work of the ministry. In several cultures people revere and almost worship their spiritual leaders, this is not to say that they should not respect them but it should not get to the point of disrupting the structure of the church.

The jobs of pastors is to train you to do ministry work because you are also anointed, the same Holy Spirit in your Pastor is the one in you.

You have a challenge today to accept the responsibility to meet people's needs with the wisdom and the power of God. To do this, you have to get ready to lead small communities, we are a community but we still need sub-communities.

Nowadays with the power of technology we can have these meetings anywhere we want. The more you teach people, the more you have to learn and model what you are teaching. This challenges you to continue to grow in your learning and your character.

Make it a goal to lead a small community as soon as possible.
