

GOD IS MY EBENEZER!!!!

Last year, I joined Operation P.U.S.H prayer sessions and my prayer focus was on getting an international job in my career path. My family then just recently received our permanent resident visas to Canada. I prayed for open doors in Fortune 500 organizations, and for God to make systems and policies in Canada work in our favour. We moved to Canada in August 2022, and about two months after we arrived, my husband got a great job in his field. Whilst we are still celebrating, he got a senior manager role in a big conglomerate three weeks after. God exceeded our expectations. As for me, I was getting several interview opportunities and kept believing that God will come through for me. Finally, our year of Much Fruits rolled in, and I know the season has changed for me. God made a way. He came bigger than I could have ever imagined. My first job offer came in February with a mind-blowing package. It was everything I prayed for and much more. I could never have guessed or demanded such an offer if I was asked to do so. Indeed, God is my Ebenezer! Almighty Father, the one You completely made a way for has come to worship and glorify Your holy name!

SAM ADEYEMI PODCAST

The Ultimate Capital 2

Genesis 1:28 NKJV

■ Pastor Sam Adeyemi

Revelation is the ultimate capital. The principle of the seed is one of the most creative principles God invented. We can plant a seed, and it'll grow and multiply into something that hasn't existed before. If you want to experience an increase in life, you must understand and tap into this principle. The principle tells you that you can start small and grow bigger.

Your dominion is tied to being fruitful, and you can't be fruitful without being seed-full. Pay attention to the seeds that God has positioned in and around your life, the small things that give you an advantage, the things that have the capacity to multiply, pay attention to that.

The ultimate seed for financial increase is revelation. If we track the genealogy of a seed of corn, we will see that the first seed planted to produce the first generation of corn was obtained from revelation.

Wherever you have revelation, you have divine power, ready to create.

Revelation is the most powerful store of value, it is what God used to create the world and what you use to create value.

One awesome thing about revelation is that it changes you before it changes your circumstances. (Acts 20:32)

Revelation can build you up and then give you your inheritance. It puts more power in you first then you can attract value.

Revelation will first recreate, redefine, and reinvent you.

It is not when you get your first million that you become a millionaire, it is when you redefine yourself as a millionaire that the millions come. Rich people believe they are rich, so you also have to shift your beliefs about yourself.

If you want God to change your status, mix revelation with your brain:

Don't allow anyone to define you by your circumstances, call yourself what God has called you.

In God's system, revelation is the most powerful store of value.

Offering something of value that solves problem for people:

If you build a school or you teach, you are solving the problem of ignorance. If you build and sell shelters for people, you are solving the problem of housing.

As a child of God who has received revelation, you should mix that revelation with something and create value for people.
