INTRODUCTION

In order to bring a new vision or dream into physical reality, it is important that we take necessary actions. While the process of realization of our divinely inspired ideas may not always be easy, execution will make the difference between success or otherwise. This year of new beginnings is a planting season for us. When a seed is planted into the ground, there is always an expectation of a harvest. However, if we wait for ideal planting conditions, we are unlikely to take the actions required to generate our harvest. Human nature will always find reasons or excuses not to start out. As believers, we should trust the help of the Holy Spirit to overcome every obstacle including the fear of failure, criticism or mockery and laziness. He cultivates in us the willingness and drive to execute our God given ideas. He also strengthens us when we feel overwhelmed. Today's outline encourages us to do away with excuses and act on what God has spoken to our hearts, despite the hindrances and obstacles that stand in our way.

1. *Question*
   Why do we sometimes hesitate or fail to act on our dreams even when we know it is the right thing to do?

2. *Many Christians have experiences contrary to God's plan and provision because they have failed to move from the level of inspiration and planning to execution. Below are common attributes that have robbed many of a glorious life in Christ with scriptural admonition to break free from them:*
   a. *Fear of the unknown. Eccl 11:4; Psalm 126:6*
   b. *Making excuses. Proverb 26:13,*
   c. *Laziness. Proverb 12:27, Proverbs 10:4*
   d. *Ignorance. Hosea 4:6, John 8:32*
   e. *Your association. Proverbs 13:20, Proverbs 27:17*

CONCLUSION

*To birth new ideas, organizations, dreams and families, we have to make efforts to start new from where we are and with what we have. It is imperative to note that God celebrates the person that starts no matter how small (Zechariah 4:10). In taking a step towards the new beginning we desire; we must be ready to let go of control, and fear of the unknown with an assurance that God's ultimate plan and provisions already took care of the seemingly unfavorable conditions. Also, understanding that nothing moves until a force is applied should become part of our outlook to life. Ask the Holy Spirit to help and motivate you. The change you long to see in and around you start with you executing that plan. Thankfully, that's exactly where God is waiting for you. Are you still in doubt or need more counsel, then get a copy of the book "**Start with what you have**" by Sam Adeyemi. Keep tilling for the harvest will be worth it.*
